Introduction

Brief Overview

In this game you encounter enemies for you to defeat using weapons and items for extra abilities of health gains, you are met with a simple tutorial to get you adjusted to the game mechanics and controls which can also be found within this user manual.

Guide Purpose

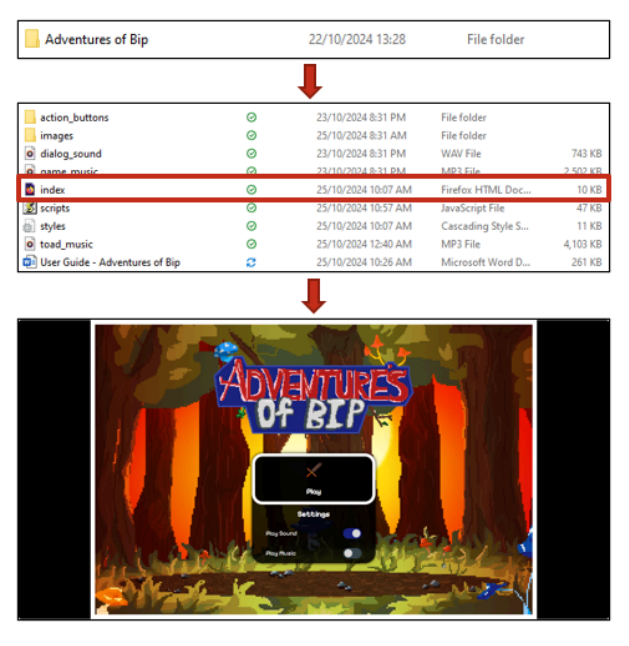
The purpose of this guide is to act as the best source of advice for the game for those who would like to learn more about the game mechanics and details it intends to guide both new, current and technical players to better understand each area that makes up the game.

Getting Started

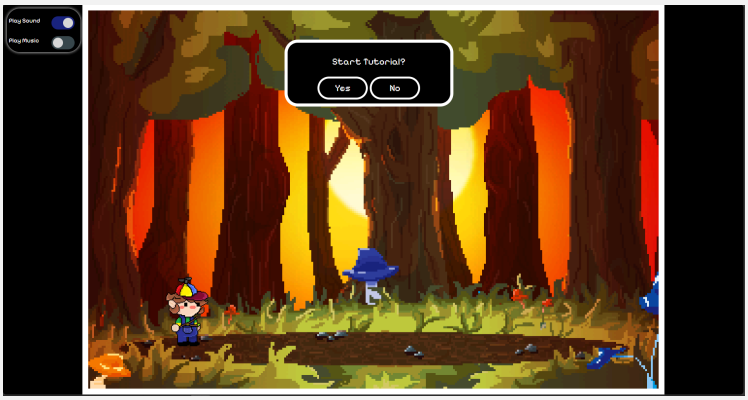
Installation Instructions

As the game is entirely web based you can access it from any device with one of our supported browsers which includes Chrome, Firefox, Safari, Edge, and Opera.

To access the game, you need to do is download our file called “Adventures of Bip” (**if zipped, its contents MUST be extracted first**), and then navigate to the file named “index”. As mentioned this file can be used in any supported browser, however for the best experience, we recommend you use Microsoft Edge.



For the best gameplay experience, we recommend you have both the music and sound enabled, however these can be toggled on and off at any point during the game.



System Requirements

Minimum Requirements:

- Browser: Any modern browser (Chrome, Firefox, Safari, Edge or Opera)
- OS: Windows, macOS, Linux (any version)
- Processor: Any basic processor
- RAM: 2 GB
- Graphics: Integrated graphics (can handle basic 2D graphics)
- Internet Connection: Stable broadband connection (1 Mbps or higher)
- Storage: None (browser-based, no installation required)

Recommended Requirements:

- Latest version of any modern browser (Chrome, Firefox, Safari, Edge or Opera)
- OS: Windows 10, macOS 10.12 or later
- Processor: Dual-core processor (1.5 GHz or higher)
- RAM: 4 GB
- Graphic: Integrated graphics (DirectX 11 compatible)
- Internet Connection: Stable connection (1 Mbps or higher)
- Storage None (browser-based, no installation required)

Additional Considerations:

- JavaScript: Enabled (Required)
- Cookies: Enabled

Game Controls

The game can be entirely controlled by left click using a mouse.

Game Overview

Overview

Story

Bip has heard rumors of a sentient mushroom which resides deep within the fungal woodlands behind his house, Bip has been collecting his mum's sandwiches from school which he'll use on his adventures, during his arrival into the woods his pulls a sword from a tree where he also finds on the ground next to him two four leafed clovers for his taking, Bip adventures further into the woods on the hunt for the sentient mushroom as he's walking down the trail he comes across a defenseless butterfly and with no extra thought slashes the butterfly in two demonstrating the power of his sword, along his journey Bip collects rocks for his mineral collection at home which he will later use in a battle.

Tutorial

Battle Menu

Attack - This button will take you into your attack menu, hosting options that will damage your opponent.

Items - This button will take you into your item's menu, hosting options that will affect you or your opponents in some way

Opponent's HP - This bar represents how much HP your opponent has. Decrease or increase by certain amounts depending on which actions either you or your opponent performs.

Player's HP - This bar represents how much HP you, the player, has. Decrease or increase by certain amounts depending on which actions either you or your opponent performs.

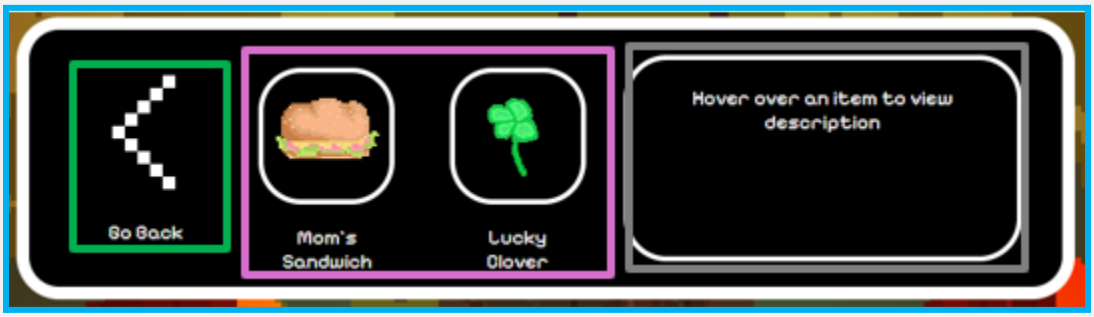
Attack Menu

Go Back - This button will take you back to the main Battle Menu

Attacks - These buttons will activate an offensive attack on your opponent

Attack Description - When hovering over different attacks, this will display a unique description for that attack

Item Menu



Go Back - This button will take you back to the main Battle Menu

Items - These buttons will activate an item that has a unique effect on the player or opponent

Attack Description - When hovering over different items, this will display a unique description for that item

Characters

The Characters

Bip – An arrogant young child who is fascinated by any daring adventure.

This is the main character which the user plays as during the game he can use all of the equipment listed below in the next section.

Dominus Tweedle – A big mean woodland toad who has a fungal infection.

This is the main enemy the player will encounter and have to battle during the gameplay, he has been infected by the spores of the sentient mushroom.

Equipment

Weapons/Attacks

Sword Slash – A might sword pulled from a tree on your arrival in the woods.

This attack is the basic attack which will always deal 10 health points to any enemy.

Rock Throw – A magnificent array of rocks found lining the floor

This attack is a luck-based attack which can deal different amounts of damage depending on your luck, luck can be increased using the lucky clover consumable.

Items/Consumables

Mom's Sandwich – A delicacy among many adventures given to you by your mum before school.

This consumable gives you +30 health points once consumed, make sure to use sparingly as you only carry 5!

Lucky Clover – A powerful 4 leaf clover you've collected on your adventure.

This consumable increased your luck to throw more accurate hits, this can be used to increase the amount of rocks thrown during a rock throw attack to increase damage!

Beginner Tips

- Tip #1 – Follow the tutorial carefully before you play the game.
- Tip #2 – Always keep an eye on your health and top it up sparingly.
- Tip #3 – Balance your attacks based on your luck and the enemy attacks.
- Tip #4 – Enable the sound and music for a more immersive experience.
- Tip #5 – Never back down never give up!

Troubleshooting

Common Issues

- **Bad internet connection** – Our game can only be accessed online via a browser and a steady internet connection please ensure you have a stable connection if you are encountering issues with the game.
- **Window Size** – Our game operates in a horizontal view and will display a message if the screen width is too small please ensure you are playing on a horizontal screen with adequate space for the UI.
- **No access** – Our game requires users to have the extracted version of the game file so if you are encountering issues with accessing the game please ensure you have the right files and that they are fully extracted.

Contact Information

You can navigate to our FAQs below to find official answers to common questions

For extra support you can contact us via email – support@bipstudio.com

FAQs

“Why has the game not formatted correctly?” □ Please make sure the “Adventures of Bip” file has been fully extracted.

“My menu button broken during tutorial” □ This is intentional so not to worry, they will become functional as soon as the user presses the “BATTLE” button at the end of tutorial.

“I have no audio” □ Please check that you’re in game settings are enabled so that the sound and music may play, if this doesn’t work, check that the bowser has permissions to play the audios.

If you have any other questions, contact us via the email provided.

Glossary

AoB stands for Adventures of Bip
